

Cordmeister® worklights provide the ultimate in portable lighting.

**LED WORKLIGHT**

The rechargeable Cordmeister® LED light is designed to provide reliable portable lighting for home or emergency uses. Other “flashlights” have a filament that wears out, but LED lights have no filament to burn out! The Cordmeisters light can be recharged either by AC or DC adapters, both included and a 20 LED cluster means that the light is very bright and yet cool to the touch. Mounting is extremely flexible via a magnetic attachment as well as two hangers located at either end of the housing.

**Features:**

- Includes magnetic mount and 7.2V AC/DC charger
- BONUS - 12VDC Auto Adapter
- 20 Element - Four position - LED head
- Lasts up to 12 hours on full 2.5 hr. recharge
- Safe “charge cut-off” technology extends battery life!
- Shatter-resistant
- Two Convenient Hangers

**Possible Applications:**

- Aircraft
- Automotive
- Cabins and Retreats
- Camping
- Emergencies
- Recreation
- Watercraft

## TEMPORARY LIGHT STRINGS

Cordmeisters® temporary light strings are the perfect answer for bringing light to your job site. Industrial quality and built to withstand job site abuse the 150 watt rated sockets are individually molded with built-in eyelets for easy installation. They are spaced 10 feet apart over the length of the string and are properly grounded for safety. The cords are resistant to oil, grease and various chemicals.

Suitable for use in:

- Construction Sites
- Amusement Parks
- Marinas
- Car Lots
- Wherever temporary lighting is needed

## EXTENSION CORDS

Cordmeisters® products are designed to meet the most demanding contractor requirements.

Cordmeisters® extension cords feature:

- "Safety yellow" colour recognized by industry
- Extra heavy duty molded PVC plug and receptacle
- "Plug finder" feature
- CSA approved for use in temperatures as low as -50°C

Standard extension cords tend to become stiff and difficult to manage in cold weather. CORDMEISTERS® extension cords are made with PROFLEX -50, an ultra-flexible, low-temperature PVC that is noticeably more flexible in temperatures down to -50°C (CSA approved). That's low-temperature performance!

The EC1J123T30 is a 12 gauge, 3 outlet cord adapter,
