

In addition to the information in this brochure, your LEESON distributor or local District Sales Office can provide additional literature, product support or application assistance. Many of these books can be downloaded from www.leeson.ca

Gear Reducer Catalogue (Catalogue 6050C)

IronMan® Cast-iron right angle, LeCENTRIC in-line, Bravo aluminum boxes - they're all here in this catalogue.

A condensed right-angle section can be found on page 174 of this catalogue.

Aluminum Gear Reducers (Catalog 7050)

New line of industrial aluminum gear reducers with great advantages in terms of weight and efficiency. Designed for easy bolt-in replacement of popular brands such as SEW, Nord, David Brown and others.

WASHGUARD™ Washdown-Duty PT Products (Bulletin 1500)

Detailed information on WASHGUARD™, WASHGUARD™ II and WASHGUARD™ All-Stainless motors, built to withstand high-pressure washdowns. Also provides information on WASHGUARD™ Inverter Drives and IRONMAN® Worm Gear Reducers.

Sub-FHP Gearmotors (Bulletin 1830)

Range of sub-fractional HP AC and DC Gearmotors is reviewed. Both right-angle and parallel shaft models, 5 through 1112 in-lbs torque.

AC Inverter Drives (Bulletin 1400)

Full-feature, compact Inverter Drives in NEMA 1, NEMA 4/12 and NEMA 4X enclosures. "Big drive" control in extremely small package.

Pages 102-110 in this catalogue

DC Motors & Gearmotors (Bulletin 1600)

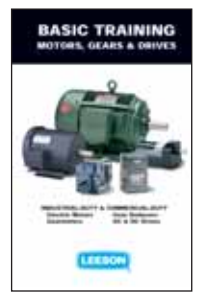

Direct Current Motors and Gearmotors in both SCR Rated and Low Voltage designs. IEC (Metric), NEMA or Sub-FHP frames.

Pages 76-84 in this catalogue

Stock Catalog Lite (Bulletin 1055)

A listing of the various products LEESON carries with brief technical references.

Basic Training Manual

An informative 80-page guide to electric motors including selection, application and maintenance of industrial electric motors.

Renewal Parts (Bulletin 1054)

Ordering information for the most popular stock motor renewal parts.

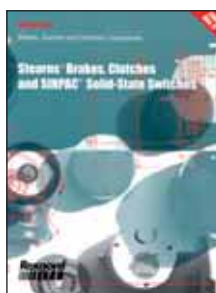

CustomPDQ (Catalogue 1057)

Comprehensive listings of two-speed motors along with other capabilities for multi-speed, low speed and modified motors.

Gear Reducer Interchange (Bulletin 8052)

This guide provides interchanges for all popular competitive products including right-angle, aluminum, metric and in-line.

Stearns Brakes & Clutches Catalogue (Catalogue 200)

LEESON Canada offers all the products in this catalogue from Stearns - the "standard" when it comes to brakes for electric motors. Stearns brakes are featured throughout this catalogue starting on page 39.

Maska Sheave/Pulley Catalogue (Catalogue 23)

This is the full manufacturers catalogue of products that can be obtained through LEESON Canada. It includes V-Belt sheaves, couplings and QD product.

A condensed section can be found starting on page 94 of this catalogue.
